

Meshify C Mini – Dark TG

Precision Cut Performance

Meshify strikes an aggressive pose in the Fractal Design lineup with unparalleled cooling performance and a defiant new look.

Like black diamond facets, the angular asymmetry of the Meshify C Mini – Dark TG carves a space uniquely its own as a new force in high-airflow design.

Tempered glass with a distinctive tint completes the stealth-inspired black-on-black aesthetic with exceptional style.

A compact yet spacious open Micro ATX layout creates an unrestricted airflow path from front intakes directly through key components to exhaust, ensuring heat is never an issue.

When performance is top priority and compromise is not an option, Meshify has you covered in style.

Key features

- Streamlined high-airflow design
- The performance and capacity of a larger tower in a remarkably compact mATX designed tower
- Angular mesh front panel maximizes air intake
- Tinted tempered glass side panel for a clean looking exterior with full interior visibility
- Distinctive styling with stealthy black-on-black aesthetic
- Flexible storage options with room for up to 5 drives
- Sturdy steel drive trays with vibration-dampening rubber grommets cushion hard drives for smooth, quiet and reliable operation
- Two preinstalled Fractal Design Dynamic X2 GP-12 120 mm fans deliver optimum airflow with minimal noise
- Open interior layout creates an unobstructed airflow path from front intake to rear exhaust
- Easy-to-clean filters on the front, top and base with full PSU coverage and convenient front access
- Full length power supply shroud conceals drive cage and excess cabling for unrestricted airflow and a clean looking interior
- Up to 35 mm of space behind motherboard plate with grommets pass-throughs for clean cable routing

Package contents

- Meshify C Mini – Dark TG computer case
- User manual
- Accessory box
- Optional top filter

General specifications

3.5" or 2.5" Drive capacity	<ul style="list-style-type: none">• 2
Dedicated 2.5" drive capacity	<ul style="list-style-type: none">• 3
Expansion slots	<ul style="list-style-type: none">• 5
Motherboard compatibility	<ul style="list-style-type: none">• mATX, ITX
Power supply type	<ul style="list-style-type: none">• ATX
Total fan mounts	<ul style="list-style-type: none">• 7
Front fan	<ul style="list-style-type: none">• 3 x 120 or 2 x 140 mm• 1 x Dynamic X2 GP-12 included
Top fan	<ul style="list-style-type: none">• 2 x 120/140 mm
Rear fan	<ul style="list-style-type: none">• 1 x 120 mm• 1 x Dynamic X2 GP-12 included
Bottom fan	<ul style="list-style-type: none">• 1 x 120 mm
Side fan	<ul style="list-style-type: none">• No
Dust filters	<ul style="list-style-type: none">• Bottom fan + PSU• Front fans• Top panel
Front radiator	<ul style="list-style-type: none">• 120/240 mm• 140/280 mm (max 144 mm width)
Top radiator	<ul style="list-style-type: none">• 120/240 mm (max 40 mm motherboard component height)
Rear radiator	<ul style="list-style-type: none">• 120 mm (max 125 mm width)

General specifications

Power supply depth limit	• Max 175 mm recommended
Graphics card length limit	• Max 315 mm with front fan mounted
CPU cooler height limit	• 172 mm
Cable routing space	• 15-35 mm space
Cable routing grommets	• Yes
Fixed velcro straps	• Yes
Captive thumbscrews	• Both side panels • SSD brackets
Left side panel	• Tempered glass panel
Case dimensions (LxWxH)	• 395 x 212 x 399 mm
Case dimensions with feet / protrusions / screws	• 409 x 217 x 412 mm
Net weight	• 6.28 kg
Package dimensions (LxWxH)	• 502 x 295 x 484 mm
Package weight	• 7.41 kg
