OVERVIEW

Pop 2 Vision

Crafted for clarity

Pop 2 Vision pairs a panoramic glass design with an intuitive dual-chamber layout — crafted for a clean, uncluttered view of your build. With support for graphics cards up to 412 mm long and top-mounted radiators up to 360 mm, it offers flexibility for modern gaming hardware. And to help keep your system running smoothly, it comes with four pre-installed reverse-blade fans. Inside, Pop 2 Vision offers a decluttered interior layout with reverse connector motherboard compatibility for an even cleaner finish. In RGB versions, curated lighting themes and customization options are included, with two easily accessible control buttons for smooth, effortless adjustments.

Key features

- ▶ Dual-chamber design with a panoramic view into a clean, uncluttered interior
- ▶ Includes four reverse-blade fans and ventilated panels for out-of-the-box airflow
- ▶ Supports further cooling with space for top-mounted radiators up to 360 mm
- ▶ Designed for gaming with support for graphics cards up to 412 mm in length
- ▶ Tool-free access with easily removable panels including a glass side and front
- ▶ Tidy interior with ample cable space and routing features for a clean finish
- ▶ Offers support for both standard and reverse connector motherboards
- ▶ Flexible power supply configuration with two possible mounting positions
- ▶ Comes with an accessible I/O featuring two USB ports and a combo audio jack
- ▶ Includes integrated RGB controls for effortless lighting adjustments (RGB version only)
