

## Arc Midi R2

The Arc Midi R2 is developed with high-performance computer systems in mind. Featuring three high performance Silent Series R2 fans and ample water cooling options, the Arc Midi R2 layout maximizes airflow throughout the case and keeps even the most demanding systems at cool temperatures. Designed to house even the thickest radiators in both the top and front panels without extensive modifications, the Arc Midi R2 offers all this within a mid size case.

The chassis comes complete with a stylish window side panel, fan controller, easy to clean dust filters, high level of workmanship, flexible hard drive mounting system and plenty of space for cable routing.
