

Define R5 Tempered Glass Side Panel

Add a layer of refinement to your Define R5 with an upgrade to tempered glass.

With a Fractal Design TG panel upgrade kit, you can now retrofit one or both sides of your Define R5 with a lightly tinted tempered glass panel free of bolts or hinges for a seamless super-premium look.

Key features

- Upgrade your Define R5 with sleek, tempered glass
- Fits all Define R5 cases
- Single panel, mountable on both left or right hand sides
- Hinge-free design for a seamless, super-premium look
- Color matched for Black, Blackout and Titanium version cases
- Quick release compatible for easy interior access (left side only)

Package contents

- Define R5 TG Side Panel
- Two thumbscrews
